

ADVISOR AGREEMENT

DeepBlue Dynamics, LLC, a Wyoming limited liability company with its principal office at 450 Dittlinger Street, New Braunfels, Texas 78130 (“Company”), and

Clint Robinson, an individual (“Advisor”),

agree as follows, effective as of _____, 2026 (the “Effective Date”).

1. Services

Advisor will provide advisory services to Company in connection with Company’s pursuit of U.S. Navy SBIR topic DON26BX05-NP004 and related marine navigation software efforts (the “Program”), including:

- a.interviews and working sessions on shipboard navigation watchstanding, bridge team workflow, and degraded-navigation operations, drawing on Advisor’s U.S. Navy sea service;
- b.review and critique of Company’s interface designs, mockups, and scenario scripts;
- c.a signed letter of commitment substantially in the form of Exhibit A, which Company may include in its SBIR proposal; and
- d.if the Program is awarded, continued advisory support and, if the conditions of the Offer Letter described in Section 3(c) are met, employment with Company on the terms stated there.

Anticipated pre-award effort is approximately 5–10 hours. All work under this Agreement is unclassified.

2. Term

This Agreement runs from the Effective Date until the earlier of (a) written notice of termination by either party (effective immediately; Sections 4–7 survive), or (b) December 31, 2027, unless extended in writing.

3. Compensation

- a.Pre-award honorarium. Company will pay Advisor a one-time honorarium of \$1,000 for the Section 1(a)–(c) services, payable on signature. Advisor may waive this honorarium in writing; a waiver does not affect the validity of this Agreement, whose mutual promises are independent consideration.
- b.Post-award advisory. If the Program results in a funded award to Company and Advisor has not become an employee under the Offer Letter, advisory services under the award will be compensated at \$150 per hour as an independent consultant, up to a cap set in the awarded budget, under a separate consulting task order consistent with the award’s terms.
- c.Employment (contingent). Concurrently with this Agreement, Company is delivering to Advisor a separate Contingent Offer of Employment (the “Offer Letter”) for a W-2 position that takes effect only if the Program results in a Phase I award to Company and the other conditions stated in the Offer Letter are satisfied. Salary, any signing bonus, and all other employment compensation are set out solely in the Offer Letter and are compensation for accepting and performing employment, not for the services under this Agreement. Beginning on the start date of employment, Sections 3(a)–(b) no longer apply, all of Advisor’s services are performed as an employee, and Advisor’s

hours count as Company-performed effort under SBIR rules. Advisor has not been employed or retained to solicit or obtain any government contract, and no payment under this Agreement or the Offer Letter is a commission, percentage, brokerage, or contingent fee for doing so.

d. Expenses require prior written approval and are reimbursed at cost.

4. Ownership

All materials, feedback, designs, documents, and code Advisor produces under this Agreement (“Work Product”) are works made for hire and belong solely to Company. To the extent any Work Product is not a work made for hire, Advisor assigns all right, title, and interest in it to Company. Advisor’s general skill, knowledge, and sea stories remain his own.

5. Confidentiality

Advisor will keep non-public Company information (designs, proposal contents, business plans, source code) confidential and use it only for the Program, during the term of this Agreement and for three (3) years after. Nothing in this Agreement involves classified information; neither party will convey any to the other.

6. Advisor Representations

Advisor represents that: (a) he is not currently a federal employee or active-duty member of the armed forces; (b) his participation violates no obligation to any current or former employer or to the U.S. Government (including post-government-service ethics restrictions, if any apply); and (c) he will disclose promptly if any of the foregoing changes. Company may pause or end the engagement as needed to stay compliant with federal ethics and procurement rules.

7. Relationship; Use of Name

Advisor is an independent contractor, not an employee, partner, or agent of Company, unless and until employment begins under the Offer Letter. Advisor consents to Company naming him, his Navy service (rate/rank, ships, years), and his advisory role in Company’s SBIR proposal and related program documents. No taxes are withheld from consulting compensation; Advisor is responsible for his own.

8. Miscellany

This Agreement is governed by Texas law. Together with the Offer Letter, it is the entire agreement between the parties on its subject; amendments must be in writing and signed by both parties. Neither party may assign it without the other’s consent. If any clause is held unenforceable, the rest stands.

EXHIBIT A — LETTER OF COMMITMENT

To: DeepBlue Dynamics, LLC

Re: DON26BX05-NP004 — Unified Assured PNT Operational Awareness and Decision Support

I, Clint Robinson, commit to serve as an operational advisor to DeepBlue Dynamics, LLC for its Phase I proposal and, if awarded, its Phase I effort under the above topic.

I served in the United States Navy aboard USS KALAMAZOO (AOR-6) [rate/rank: _____; years of service: _____; additional ships/qualifications: _____]. My advisory role draws on that experience in shipboard navigation watchstanding, bridge team operations, and transits of restricted and contested waters, including navigation under degraded conditions.

I will support the Phase I effort with approximately _____ hours of advisory time, including watchstander workflow interviews, review of interface designs against real bridge practice, and participation in usability evaluations. [Optional: I am also prepared to join DeepBlue Dynamics as an employee upon award, as separately agreed, to provide software engineering support.]

Clint Robinson
